

AlbaChem® S.P.I.F. PLUS Cured Ink Remover

S.P.I.F. PLUS is a powerful cleaner that removes plastisol, most water-based ink and adhesives from all textiles. SPIF PLUS has a higher TLV and is safer to use than standard chlorinated solvents. SPIF PLUS does not contain chemicals that are restricted by most major brands. Unlike traditional cured ink removers, SPIF PLUS is a slow evaporative so it requires a high psi air gun to assist drying process.

Advantages:

- Removes Screen Print Ink
- High Flashpoint
- No Cancer Warnings
- No California Prop 65 Chemicals
- No PFAS Ingredients
- Non Hazardous for Shipping
- Pleasant Odor
- Less Product Loss to Evaporation

Packaging:

Item No.	Package Size	Case Pack	Case Weight
1289	1-Pint (.47 liters)	12 Containers	16 lbs
1291	1-Quart (.95 liters)	12 Containers	30 lbs
1290	1-Gallon (3.8 liters)	4 Containers	36 lbs.
1292	5-Gallon (19 liters)	1 Pail	45 lbs.
1294	55-Gallon (209 ltrs)	1 Drum	500 lbs.

Directions for use:

Shake well. Pour fluid into cleaning gun jar. Place stained material on a vacuum surface to remove solvent vapors. Spray fluid into stain area. Use a circular motion going from the outside edge of the stain toward the center. Once stain has been re-moved, "feather out" area until there is no longer a sharp outline. Using an air drying gun >100 psi, sweep the wet area to blast excess liquid off the fabric. Repeat process if necessary.

Technical Data:

Physical Properties:

Appearance: Clear colorless liquid
Solubility in Water: Partial
Odor: Mild/Floral
Chemical Family: Ester Solvent Blend

Environmental:

Volatile Organic Compound (VOC): Yes
Hazardous Air Pollutant (HAP): No
Ozone Depleting Substance: No
SARA 313 Chemicals: No

HMIS HAZARD RATING:

Health: 2 (Moderate)
Flammability: 1 (Slight)
Physical Hazard: 0 (Insignificant)
Personal Protection: X

Transportation:

Shipping Restrictions:
Not regulated for ground transport.
