

AlbaChem®BIG SHOT Duster Spray

General Description:

AlbaChem® Big Shot Duster Spray packs a powerful "air punch" to blast away dust, dirt and debris from the smallest of places. The extension straw allows you in the small recessed crevasses of your most delicate electronics and machinery. Keep your equipment clean and in good working order with Alba-Chem® Big Shot.

Benefits:

- Blasts away dust and dirt
- Great for computers, electronics, embroidery/sewing machines, and general machinery
- Clean, dry & odorless

Directions for Use:

Remove tab on top of nozzle and connect extension straw. Do Not shake can. Hold can upright when using. Spray surfaces to be cleaned in short bursts from around 3 inches to blow away dirt dust and debris. If sprayed sideways, upside down, or shaken when used, a liquefied gas will come out. This can cause frostbite burns. If sprayed for an extended period of time, container will become very cold and pressure will weaken. Spray in short bursts and wear gloves to insulate cans.

Packaging:

Item No.	Package Size	Case Pack	Case Weight	Hazmat Information*
1340	Net Wt. 12 oz	12 cans	12 lbs.	Consumer Commodity ORM-D/Limited Quantity Exemption

*The shipping designation of Consumer Commodity ORM-D/Limited Quantity Exemption is only valid for shipments by ground with NAFTA (United States, Canada and Mexico). Air shipments to any location (domestic or international) and ALL shipments outside of NAFTA require flammable gas labeling. The proper shipping name is: Flammable Gas 2.1, UN 1950.

TechnicalData:

Physical Properties:

Appearance: Inert gas compressed in aerosol can
Solubility in Water: Not soluble
Odor: Virtually odorless
Chemical Family: Hydrofluorocarbon (HFC)

Environmental:

Volatile Organic Compound (VOC): No
Hazardous Air Pollutant (HAP): No
Ozone Depleting Substance: No
SARA 313 Chemicals: None
Contains No Alkylphenol Ethoxilates
