

AlbaChem® Dry Silicone (Non-VOC Compliant)

101 Uses! Textiles, furniture, machinery, automotive, paper and converters, industrial, mold release agent, heat sealing, screen printing.

Advantages:

- Long lasting lubrication
- Does not attract dust and dirt
- Guaranteed not to stain fabrics
- Prevents friction and heat build-up
- Does not contain acetone

Uses:

- Textiles- Non-staining spray lubricates all textile machinery. Stops friction and material drag. Great for feeders, attachments, cutting tables, blades and other equipment that comes into contact with fabric.
- Furniture- Lubricates metal parts without staining. Great for door slides locks and joints. Stops adhesion of foam backing, foam rubber, and other materials from metal wood and other hard surfaces.
- Automotive- Lubricates weather stripping, moldings, channels, doors, locks, and car seat adjustment mechanism. Makes it easier to slide rubber gaskets and seals over metal parts.
- Paper & Converters- Spray on paper cutters, blades, drills, dies, saws and more. Will lubricate to prevent friction and staining. Stops glue from adhering to equipment.
- Mold Release Agent- Spray into molds to stop sticking. Allows for plastic to come out cleaner.

Packaging/Shipping Specifications:

Item No. 1652
Package Size: Net Wt. 11 oz. (312 grams)
Case pack: 12
Case Weight: 12 lbs.

Technical Data:

Physical Properties:

Appearance: Clear liquid in an aerosol can
Solubility in water: Not Soluble
Odor: Mild hydrocarbon
Chemical Family: Dimethylpolysiloxane dissolved in hydrocarbon solution.

Environmental:

Volatile Organic Compounds (VOC): < 60%
Hazardous Air Pollutants (HAP): No
Ozone Depleting Substance: No
SARA 313 Chemicals: None
Contains No Alkylphenol Ethoxilates

Consult material safety data sheet for all safety and handling information.
