

Direct-To-Garment (DTG) General Information/Technical Data Sheet

AlbaChem®ALBA-BRO DTG Pretreatment Spray

General Description:

Alba-BRO is a universal dtg pretreatment spray for cotton materials. It may be used on all colors with the greatest benefit on dark (black) materials. It is specifically designed to minimize staining and blocking. It will increase color brilliance and provide a soft feel to the image. Washer/Dryer safe. Alba-BRO is meant for use on *Brother® printers and inks.

- Benefits:**
- Smooth Even Coverage
 - Non-Staining
 - Soft Feel
 - Great for small print areas: sleeves, left chest, neck tag etc.

Directions for Use:

Shake well. Holding can approximately 6" from fabric, spray Alba-BRO in a slow steady motion horizontally covering print area. On dark colors repeat in a vertical pattern. Cure on heat press @ 330-360°F for 30 seconds. Do not clamp down too tight.

Tip: To prevent crystallization, try hovering the heat press over the fabric for 20 seconds before pressing.

*BROTHER is a registered trademark of Brother Industries Ltd.

Packaging:

Item No.	Package Size	Case Pack	Case Weight	Hazmat Information*
1680	Net Wt. 15.75oz.	12 cans	16 lbs.	Limited Quantity Exemption
