

LUBRICANTS

General Information/Technical Data Sheet

EXPERT® SILICONE CONCENTRATE

General Description:

Expert Silicone Concentrate lubricates thread during the sewing operations. Perfect for overlock & coverstitch machines. Lubricates both dried out and unlubricated threads to reduce breakage. Expert Silicone Concentrate can also be used on non-sewing machinery.

Advantages:

- Will not stain fabric
- Long lasting
- Saves time and money
- Increases productivity

Size / Packaging

Item No. 1749 - 2 oz container (case pack 24)

Item No. 1752- 1 gallon container (case pack 4)

Case Weight

5 lbs

40 lbs

Directions for Use:

For Overlock & Coverstitch Machines - Apply a few drops to felt pads. Last up to 8 hours.

Needle Lubrication- Apply directly on needle or in needle lubrication port.

Non-Sewing Machinery - Apply where moving parts come in contact, seals , o-rings, plastic and rubber.

Technical Data:

Physical Properties:

Appearance: Clear Liquid

Solubility in Water: None

Odor: Almost none

Chemical Family: Siloxane

Environmental:

Volatile Organic Compound (VOC): None

Hazardous Air Pollutant (HAP): No

Ozone Depleting Substance: No

SARA 313 Chemicals: No

Contains No Alkylphenol Ethoxilates
