

LUBRICANTS

General Information/Technical Data Sheet

AlbaChem® Quick Stitch Thread Lubricant

General Description:

AlbaChem Quick-Stitch moistens and coats thread and yarns so that they run smoothly through your sewing & knitting machines. This reduces friction, chatter and heat build-up, greatly improving production. Quick-Stitch is a “disappearing lubricant.” The thread stays moist during production and then evaporates completely leaving the fabric free of any residue.

Size / Packaging

No. 3009 – 1 gallon – 6 per case
No. 3010 – 5 gallon pail– each
No. 3012 – 55 Gallon drum– each

Benefits:

- For all Threads & Yarn
- Cools Needles & Eliminates Static
- Prevents Frayed and Broken Filaments
- Keeps Threads & Yarns Running Smoothly
- Can also be used as a Mold Release Agent

Technical Data:

Appearance: Clear Liquid
Odor: Odorless
Shelf Life: > 1 Year
Flashpoint: 97°C (207°F) [ASTM D-93] pH Value: N/A
V.O.C.'s: none (LVP - VOC)
Solubility in Water: Negligible
CA Prop 65 Chemicals: None
Hazardous Air Pollutants: None

HMIS HAZARD Rating:

Health: 1 (Slight)
Flammability: 1 (Slight)
Physical Hazard: 0 (Insignificant)

Transport Information:

Not classified as dangerous for transport.
UN Number: NA
