

CON ER-30 30:1 Stencil Remover Concentrate

CON-ER is a highly concentrated emulsion remover that can be mixed up to 30:1 with water. Great for dip tanks as it mixes easy and will not separate. CON-ER has excellent wetting properties no VOC's is drain safe and biodegradable.

- Most concentrated liquid emulsion remover.
- Easy to dissolve. PVA/PVOH Stencil Reclaiming Concentrate.
- Excellent freeze thaw characteristics, ideal for cold climates.
- Never precipitates out active ingredients when frozen.

Packaging:

32 oz Bottle (case pack 12): Item No. 4031
1 Gallon (case pack 4): Item No. 4032
5 Gallon Pail: Item No. 4033

Safety:

- No Hazardous Air Pollutants (HAP's)
- Non-Flammable
- Zero V.O.C.'s
- Low Vapor Pressure
- No Toxic Chemicals
- No California Prop 65 Chemicals.
- No SARA 313 reportable chemicals.

Directions for use:

After all ink and tape have been removed, wet screen and apply mixed Con-ER with a soft bristle brush, scrub pad, or rag to both sides of the screen. Once emulsion has softened, flush with high pressure rinse starting at the bottom of the with a side to side motion working upwards toward the top. Repeat rinse on other side of the screen.

For dip tanks, mix with water to desired strength, and place ink free screen in the tank. Wait 5-20 minutes depending on strength of solution, then flush with high pressure water as described above.

Technical Data:

Appearance:	Clear Liquid
Odor:	Mild
Shelf Life:	> 1 Year
Flashpoint:	None
Biodegradable:	Yes
V.O.C.'s:	0 grams per liter
Vapor Pressure:	1.00 mm Hg @ 20-C
Solubility in Water:	Complete

HMIS HAZARD RATING:

Health:	3 (High)
Flammability:	0 (Insignificant)
Physical Hazard:	3 (High)
Personal Protection:	D (Face Shield, Eye Protection, Gloves and Protective Apron)
CA Prop 65 Chemicals:	None
Hazardous Air Pollutants:	None
Transport Information:	Not Regulated
