

SPOTTING CHEMISTRY

General Information/Technical Data Sheet

SUPERKLEEN® 200 Cleaning Fluid

SuperKleen 200 completely removes cured plastisol inks, most water based inks, flock lettering and adhesives from all textiles. SuperKleen 200 removes grease and oil stains as well. Its unique oxygenated formula leaves fabric free of any trace of the ink smudge. SuperKleen 200 is crystal clear in color.

Advantages:

- Most powerful spot cleaning fluid manufactured.
- Does not contain any petroleum distillates.
- Fast Drying
- Does not contain any acetone or other ketones.
- No flashpoint detected.

Packaging/Shipping Specifications:

Item No.	Package Size	Case Pack	Case Weight	Hazmat Information
8201	1-Gallon (3.8 liters)	4 Containers	45 lbs.	Consumer Commodity ORM-D
8205	5-Gallon (19 liters)	1 Pail	54 lbs.	Toxic Liquid 6.1
8255	55-Gallon (209 ltrs)	1 Drum	600 lbs.	Toxic Liquid 6.1

Directions for use:

Shake well. Pour fluid into cleaning gun jar. Place stained material on a vacuum surface to remove solvent vapors. Spray fluid into stain area. Use a circular motion going from the outside edge of the stain toward the center. Once stain has been removed, "feather out" area until there is no longer a sharp outline. Repeat process. Vapor levels must be monitored to stay in compliance with OSHA regulations.

Technical Data:

Physical Properties:

Appearance: Clear colorless liquid
Solubility in Water: Partial
Odor: Solvent
Chemical Family: Chlorinated Solvent Blend

Environmental:

Volatile Organic Compound -VOC (Less EPA Exempt Materials): 106.6 grams per liter
Hazardous Air Pollutant (HAP): Yes
Ozone Depleting Substance: No
SARA 313 Chemicals: Yes – Dichloromethane and Tetrachloroethylene

WARNING: This product can expose you to chemicals including dichloromethane and tetrachloroethylene, which are known to the state of California to cause cancer. For more information go to www.P65Warnings.ca.gov.
